Strongar Hardware Stainless Steel Sliding Barn Door Hardware Systems

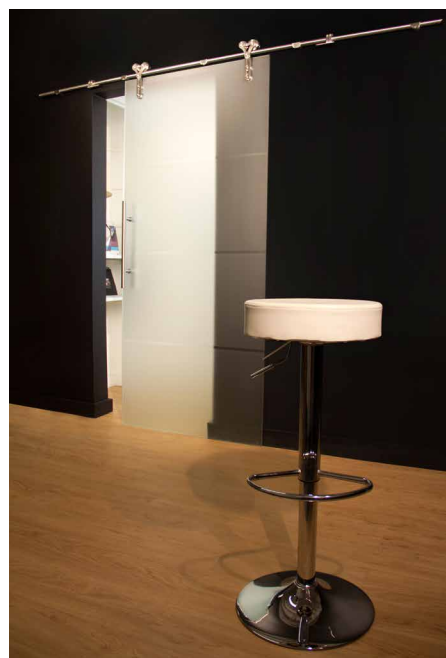

Strongar Hardware specializes in barn door hardware and accessories for wood and glass doors that add the perfect combination of distinction and functionality. We represent 22 styles of door rollers and two finishes to compliment any decor.

Our hardware compliments interiors from the finest hotels, restaurants to tasteful office spaces and work environments. And of course, residences ranging from comfortable cottages to high-end estates.

We are a trusted supplier for architects, designers, home builders and contractors who demand nothing less than the very qualities we represent – quality, value and style.

We offer various rail sizes for single and multiple doors. Custom rail sizes are also available.

Features	Benefits
Stainless Steel rollers glide along on nylon coated wheels	The smooth slide and quiet movement make it appropriate for all spaces
For wood or glass doors up to 240 lbs.	Durable system designed for a range of doors
Each roller is equipped with an anti-jump safety pin	Ensures the door cannot be lifted off the rail
22 styles of door rollers and three finishes available	Fits any decor from traditional to modern
